God breaks into life in a new way at our death. It happens in small ways every time we are transformed a bit – when we forgive, make peace, really help another, when we promise ourselves to someone or some cause, we are in resurrection mode. But the final one is a gift unlike any earthly gift. We need to share this hope with each other. The peace you may have felt at the death of someone, the dream where the loved one was happy, the thanks you feel for another for ever – all brings hope even if their death is sudden or self-inflicted or at a young age. As we place our candle at the altar for our loved ones in November, we are letting them go off into what death really is – our finding our way to the arms of God. Donal Neary SJ.
