---Note the way Jesus dealt with Thomas. He did not give out because he doubted. He took him where he was and led him along to see the truth of his resurrection. Who has been that kind of a teacher for you, gently taking you where you were and leading you on to a deeper knowledge of some truth about life? For whom have you been that kind of teacher?

--- 'Blessed are they who have not seen and yet believed.' That requires great trust. Perhaps you have had the experience of being trusted without having had to prove every step along the way. What was it like to be trusted in that way? Who have you been able to trust in a similar manner?
