CONGRATULATIONS to the young people and their families who are celebrating First Holy Communion this weekend.

1. In a relationship, connectedness is important. Relationships cannot be taken for granted and need time and care to be life-giving. What does your experience tell you of the truth of this in your relationships with God? With your friends? With your family? With communities or groups to which you belong?

2. The parable also reminds us that we are not the source of our own life. It is a gift from God, from our parents, and from all who have nourished us. Give thanks for those who have been a source of life for you. Fr John Byrne
