POPE FRANCIS IN IRELAND

"Today as in the past, the men and women who live in this country strive to enrich the life of the nation with the wisdom born of their faith.

Even in Ireland's darkest hours, they found in that faith a source of the courage and commitment needed to forge a future of freedom and dignity, justice and solidarity. The Christian message has been an integral part of that experience, and has shaped the language, thought and culture of people on this island".
