Reflection: Know-all: When somebody has an answer for every question, it is a sign that they are not on the right road. They may well be false prophets, who use religion for their own purposes, to promote their own psychological or intellectual theories. God infinitely transcends us; he is full of surprises. We are not the ones to determine when and how we will encounter him; the exact times and places of that encounter are not up to us. Someone who wants everything to be clear and sure presumes to control God's transcendence. - Pope Francis

Readings this weekend: 'You are not far from the kingdom of God'. The community that lives according to the commandments of love is coming near to heaven here on earth. A thought: World War I was the most colossal, murderous, mismanaged butchery that has ever taken place on earth. Any writer who said otherwise lied. So the writers either wrote propaganda, shut up, or fought. - Ernest Hemingway.
