Bullaun Sportsfield Redevelopment Committee are delighted to announce that work will commence shortly on the redevelopment of the sportsfield, a facility that is widely used by the entire parish. The proposed development consists of a new sand-based pitch with an upgraded drainage system, a ball wall, a walkway with lighting, a perimeter fence and ball-stops for behind the goals. Local contractor Seamus Doyle has been selected by the development committee as the main contractor. Substantial grant funding has been secured already but widespread community support will be required to deliver this project, both in terms of voluntary effort and fundraising. The objectives of the committee are to increase availability of the pitch to hurling, camogie and other sports users and provide a facility that can be enjoyed by those of all ages not involved in active sport. We look forward to your support in the weeks and months ahead.
