Trees are so central to our lives. We stand in awe of their beauty. We treasure their central place on the planet and in

our local communities – helping with clean air, soil health, water quality and climate control. If planting trees this

week it is very important for the health of our ecosystem that we choose native species.

PRAYER FOR ALL MOTHERS- Thank you Lord for all mothers, On this day let us think of them,

whether they are with us or gone to their heavenly reward. We think of their kindness, their compassion

and their care for us and their unconditional Love. We pray that you will watch over them and support

them in the joys and struggles of their daily lives.
